

(1) The benefit was in pay status on the date of the termination of the plan.

(2) A benefit payable at normal retirement age is an optional form of payment to the benefit otherwise payable at such age and the participant elected the benefit before the termination date of the plan.

(3) Except for a benefit described in paragraph (a)(2) of this section, before the termination date (or on or before the termination date, in the case of a requirement that a participant attain a particular age, earn a particular amount of service, become disabled, or die) the participant had satisfied the conditions of the plan necessary to establish the right to receive the benefit prior to such date (prior to or on such date, in the case of a requirement that a participant attain a particular age, earn a particular amount of service, become disabled, or die) other than application for the benefit, satisfaction of a waiting period described in the plan, or retirement; or

(4) Absent an election by the participant, the benefit would be payable upon retirement.

**§ 4022.5 Determination of nonforfeitable benefits.**

(a) A guaranteed benefit payable to a surviving beneficiary is not considered to be forfeitable solely because the plan provides that the benefit will cease upon the remarriage of such beneficiary or his attaining a specified age. However, the PBGC will observe the provisions of the plan relating to the effect of such remarriage or attainment of such specified age on the sur-

living beneficiary's eligibility to continue to receive benefit payments.

(b) Any other provision in a plan that the right to a benefit in pay status will cease or be suspended upon the occurrence of any specified condition does not automatically make that benefit forfeitable. In each such case the PBGC will determine whether the benefit is forfeitable.

(c) A benefit guaranteed under § 4022.6 shall not be considered forfeitable solely because the plan provides that upon recovery of the participant the benefit will cease.

**§ 4022.6 Annuity payable for total disability.**

(a) Except as provided in paragraph (b) of this section, an annuity which is payable (or would be payable after a waiting period described in the plan, whether or not the participant is in receipt of other benefits during such waiting period), under the terms of a plan on account of the total and permanent disability of a participant which is expected to last for the life of the participant and which began on or before the termination date is considered to be a pension benefit.

(b) In any case in which the PBGC determines that the standards for determining such total and permanent disability under a plan were unreasonable, or were modified in anticipation of termination of the plan, the disability benefits payable to a participant under such standard shall not be guaranteed unless the participant meets the standards of the Social Security Act and the regulations promulgated thereunder for determining total disability.

(c) For the purpose of this section, a participant may be required, upon the request of the PBGC, to submit to an examination or to submit proof of continued total and permanent disability. If the PBGC finds that a participant is no longer so disabled, it may suspend, modify, or discontinue the payment of the disability benefit.
